

GRANGE DYVOURS 2018: LADIES' TEAMS REPORT

The Ladies 1sts were in Division 2 after being promoted in 2017. Unfortunately, 3 of the winning 2017 team were unavailable to play this year and despite the return of Sophie Black from David Lloyd, the team were unable to repeat the winning performances of the previous year and were relegated back to Division 3. On the bright side we have gained several new players over the season and I am hopeful that the 1sts will soon be back in Division 2.

The 2nds were in Division 4a this year. The team found it hard going for the first few matches, but had a great second half winning 9 points out of a possible 10 including a convincing win over eventual Division champions David Lloyd to finish in 3rd place.

The 3rds were in Division 6a. Stalwarts of the team Sally Cownie and Shona Cameron led the team well finishing 2nd and 4th in the player statistics for their Division. However, having lost some players to the higher teams, the 3rds struggled to field a consistent team every week and despite close and competitive matches finished 5th in the league and will be relegated to Division 7.

We also entered the Inter-Club singles competition where we reached the quarter finals before being defeated narrowly by the eventual winners, Braid.

Many thanks to Ali Craik and Sally Cownie for their sterling efforts in captaining the 2nd and 3rd teams respectively this year, especially Sally who always has the hardest job of finding a full team for the 3s each week.
